Brick Cutting Services and Specialist Building Products

Bricks2size is a local company offering a bespoke
brick cutting service, plus a range of
specialist building products including, cast stone,
bricks and roofing tiles.

Prefabricated Brick Arches

Our prefabricated brick arches are made to order and “ready to install”.
Available in either, a) Fully structural, concrete back, or b) Lightweight back
(designed to be used together with site supplied steel lintel).
We have several standard designs or a bespoke design
service to suit your needs.
